

Ryan M Stancill
Principal

Ryan Stancill brings 19 years of professional experience in architecture. At Praxis3, he is a Principal and Director of Practice Development. Ryan's focus at Praxis3 is overall practice & business development; building sustainable relationships with clients all across the country & developing right the teams to successfully execute projects. Ryan has been involved in a wide variety of project types throughout his career including: automotive, financial, retail, corporate interiors, entertainment, academic, biotech, light manufacturing, medical, senior living and residential. Ryan works closely with clients to put together the right team for each project and to ensure that the client's vision is carried through to the end. In addition to heading Praxis3's business development efforts for all project types, Ryan provides retail planning expertise to many of our clients.

Prior to joining Praxis3, Ryan was the Vice President of Design for Level5, working exclusively in the retail industry; where he provided overall design direction on over 100 projects across the country. Ryan's design direction spanned not only typical architectural & interior design, but also included strategic branding analysis, branded interiors, environmental graphics, signage design, retail merchandising and print & web collateral.

During his career Ryan also successfully managed the automotive retail accounts for Nissan's NREDI program and Toyota's Image USA II program at Gensler's Atlanta office. He has planned nearly 400 automotive retail stores across the country. Ryan brings an extensive knowledge of dealer operations and provides expertise in facility planning. Ryan has also designed over 125 financial branches across the country. Ryan's overall professional experience includes extensive work on interior architecture, adaptive reuse and base building projects ranging from \$2 - \$170 million.

Ryan is a graduate of the Boston Architectural Center where received a Bachelor of Architecture. In addition, Ryan studied Early American Literature at Harvard University and physics at Northeastern University. He worked for Steffian Bradley from '94-'98, Gensler from '98-'2006, Praxis3 from '06-'08, Level5 from '08-'11, and then returned to Praxis3 in 2011.
